RE: Administrative Review Committee Findings – Eric Largy

On 4/27/16 the Administrative Review Committee met to discuss recommendations for Eric Largy. The committee finding was:

Mr. Largy is requesting a decrease in his level of supervision. The ARC supports a decrease in his level of supervision to allow him escort in building to attend groups. Any further decrease in level of supervision requires ARC approval.

The ARC suggests the Team continue to assess Mr. Largy and discuss the risks involved. The Team will return to the ARC prior to discharge.

I am in full concurrence with the Administrative Review Committee's finding. If you have any further questions regarding the above, please contact me.

RE: Administrative Review Committee Findings – Eric Largy

On 5/18/16 the Administrative Review Committee met to discuss recommendations for Eric Largy. The committee finding was:

The ARC supports the team proceeding as clinically appropriate. However, the ARC recommends that the Team proceed with a conditional discharge of Mr. Largy. **Should a conditional discharge not be possible, the Team must review Mr. Largy with the CEO prior to his absolute discharge.**

I am in full concurrence with the Administrative Review Committee's finding. If you have any further questions regarding the above, please contact me.

RE: Administrative Review Committee Findings – Eric Largy

On 5/25/16 the Administrative Review Committee met to discuss recommendations for Eric Largy. The committee finding was:

The ARC does not support any decrease in Mr. Largy's level of supervision.

The ARC supports Mr. Largy's absolute discharge provide that Mr. Largy will be required to return to jail due to high bail and his being unable to post bail.

If it is likely he will be able to make bail and be released into the community, the Team will return to the ARC for further review of discharge plans.

I am in full concurrence with the Administrative Review Committee's finding. If you have any further questions regarding the above, please contact me.

RE: Administrative Review Committee Findings – Eric Largy

On 6/1/16 the Administrative Review Committee met to discuss recommendations for Eric Largy. The committee finding was:

As the Attorney General's Office does not support Mr. Largy's absolute discharge, the ARC is amending its earlier finding as the committee cannot support his absolute discharge at this time. The Attorney General's Office will contact the CEO once they have fully reviewed his case.

I am in full concurrence with the Administrative Review Committee's finding. If you have any further questions regarding the above, please contact me.

RE: Administrative Review Committee Findings – Eric Largy

On 6/8/16 the Administrative Review Committee met to discuss recommendations for Eric Largy. The committee finding was:

The Team will attempt to establish plans for discharge in case his bail is changed or PR or if he is able to make bail upon discharge. The ARC noted that they would be in agreement to a rooming house.

He will remain at NHH until further direction is received by the Attorney General's Office.

I am in full concurrence with the Administrative Review Committee's finding. If you have any further questions regarding the above, please contact me.
